

Golden West Regional Fly-in 2011 Forums & Workshops Application

Share your expertise with others

You are invited to join us at **Yuba County Airport (MYV), Marysville, CA** to continue the tradition of offering excellent educational opportunities at the 2011 Golden West Regional Fly-In on June 10, 11, and 12. This year we will again have multiple forums and workshop areas running concurrently throughout the convention providing the setting for you to reach out to others and share your interests in aviation.

Forums begin at 9:00 am and are 50 minutes in length with a 10-minute break between sessions. You can combine forum slots should you wish to give a longer presentation. Forums can be repeated on one or more days. All forums are in hangars loaned to Golden West by the tenants. There is one "overflow" Forum hangar for groups that wish to continue after their scheduled time.

Workshops run continuously throughout the day and offer hands-on opportunities for attendees to learn about some aspects of aircraft construction.

Exhibitors – Display space in the Golden West Aero Mall exhibit area or outdoors ramp space for aircraft displays is available by contacting Don Van Sant, Exhibit Services Coordinator at 916-927-9824 cell 916-476-8805.

I am interested in presenting a: Forum Workshop
Preferred Day(s): Friday (6/10) Saturday (6/11) Sunday (6/12)
Time (Forums only) Morning Afternoon

Topic: _____ Program Title: _____
